

1. Print and fill out the Patient Registration Forms. Please remember to give us complete and up to date addresses, email address, and telephone numbers.
2. Print and fill out the Medical History Form. This form helps us understand the nature of your current condition so we are able to treat you more effectively.
3. Prepare for your Office visit. In addition to completing the above forms, we will also require the following information for your first visit:
 - Driver's license or other valid Government -issued Photo ID
 - Insurance card or cards
 - Co-payments and/or outstanding balances
 - If applicable, any referral forms
 - Any Chest X-Ray's and CT Scans,
 - Any information on recent hospitalizations
 - Any pertinent medical history such as lab results
 - Complete list of medications you are currently taking. Otherwise, bring all medications with you.
4. Verify our participation with your insurance plan. Please check with either our office or your insurance plan to make sure we accept your insurance plan. Have your insurance card handy so you can give accurate information regarding your current plan.
5. Get Directions to our Office. Visit our locations section to see a map of our office and get personalized driving directions.
6. We look forward to seeing you! Please arrive 20 minutes early if you have not filled out the forms. Otherwise, you may arrive 5-10 minutes early. Please call if you are running late for your appointment. If we do not hear from you within 30 minutes of your appointment time, your appointment will be cancelled and given to another patient.
